* The electrostatic imaging system used was the Xerox 110, which was phased out due to lack of professional interest, and company cut back policy. This was a great loss to the profession at the time, although new electronic imaging has now superceded this technology, and digital radiography is the direction the profession is now going. A souring of my relationship with Xerox has caused me to hold back on publication.

Dr. NEIL STEWART McLEOD FSA(Scot)

Performing Poet - Public Speaker

Born in 1947, the eldest son of a New Zealander, Col. Roderick Murdoch McLeod R.H.R. The Black Watch, Neil has grown up bathed in the Highland tradition. Close family ties with Dame Flora MacLeod of MacLeod, the 28th MacLeod Chief, stemmed from his father's visits to Skye when stationed in Britain during the second World War. Neil's mother, Frances Clutton, was also close with Dame Flora, and Neil's eldest sister Flora, who was born of Skye, was named after the Chief who was her Godmother.

After seven years of early life in the British Colony of Kenya, the family with three sons and two daughters returned to Britain. Here secondary education was continued, and Neil's elective was to major in Dental Surgery at Guy's Hospital, London. Through the Clan MacLeod Parliaments, a unique activity in Highland Families, the connection to Dunvegan and the Clan was strongly maintained.

As a Fulbright scholar, Dr. McLeod continued his academic training at the University Of Southern California. Here he was assisted with a Newland Pedley Travelling Scholarship, and for a second time with a stipend from Dame Flora herself who took a particular interest in his career.

Having established a dental practice on Sunset Boulevard in 1976, Neil then involved himself with the Scottish Community. He founded the Clan MacLeod Society in Southern California, was Vice President of the Saint Andrew's Society of Los Angeles, and also Vice President of the St. Andrew's Society of Southern California of which he was a founder member. He is a founding member of the San Gabriel Valley Branch of the Royal Scottish Country Dance Society. In 1994 Doctor McLeod founded the Los Angeles Burns Club of which he was the first president. He maintains an active involvement in Scottish Country Dancing, is a Clan MacLeod Dancer, and with Ann Skipper he has co-authored two books on dancing "The Dances of An Island Clan", and "If The Ghillie Fits...". These books are a definitive history of the dancing heritage of the MacLeods.

Dr McLeod is a frequent dinner speaker at the annual Burns Nights in January, where he inevitably gives the toast "To a Haggis", a selection of songs or one of his well known rebuttals. He has been known to recite the entire "Tam O' Shanter" and many other principle poems from memory, and regularly entertains as "The Story Teller" at Highland Games and Scottish gatherings.

Neil has served as the Regional Vice President for the Clan MacLeod Society of the U.S.A., and Membership Chairman for the British United Services Club. He is married to Nancy Neely, and they have two sons, Roderick and Oliver, and a daughter Maran.

BIOGRAPHICAL SUMMARY

Neil Stewart McLeod FSA Scot.

B.D.S.(Lond.), L.D.S.R.C.S.(Eng.), D.D.S.

Neil McLeod was born in Oxford, England, and raised in the British colony of Kenya in East Africa. After returning to Britain for secondary education, Neil studied dentistry at Guy's Hospital, London, and received degrees from London University and the Royal College of Surgeons.

As a Fulbright Scholar, Dr. McLeod received his Doctorate in Dental Surgery from the University of Southern California and he now maintains a private practice in Los Angeles. Among his professional associations, are memberships in the International Academy of Gnathology and the Academy of General Dentistry. Dr. McLeod's articles on precision attachments have been published in the Journal of Prosthetic Dentistry. He has written and appeared in forty television information spots, and has made numerous radio and television appearances on a number of issues including dentistry. Doctor McLeod has served as a Consumer Advisor for the American Dental Association.

In Doctor McLeod's dental practice which is seventy five years old, and one of the oldest in the Los Angeles area, they specialize in fine reconstructive and preventative dental care. The emphasis is on communication with the patients so that they may make informed decisions about how their mouths are to be treated, and what types of materials are used to repair the teeth. This uncompromising commitment to proper care has shown itself to be of long lasting value, and undeniable success, especially when reviewing the treatment of patients who are senior citizens, and for whom the dentistry is still lasting decades after it was installed.

After establishing himself in practice on Sunset Boulevard in 1976, Doctor McLeod involved himself with the Scottish Community. He founded the Clan MacLeod Society in Southern California, was Vice President of the Saint Andrew's Society of Los Angeles, and also Vice President of the St. Andrew's Society of Southern California of which he was a founder member. He is a founding member of the San Gabriel Valley Branch of the Royal Scottish Country Dance Society. He maintains an active involvement in Scottish Country Dancing and with Ann Skipper he has co-authored two books on dancing "The Dances of An Island Clan", and "If The Ghillie Fits...".

Dr MacLeod is a frequent dinner speaker at the annual Burns Nights in January, where he inevitably gives the toast "To a Haggis", a selection of songs or one of his well known rebuttals. He has been known to recite the entire "Tam O' Shanter" from memory.

Neil McLeod has served as the Regional Vice President for the Clan MacLeod Society of the U.S.A., and Membership Chairman for the British United Services Club. He founded the Los Angeles Burns Club of which he is currently the president, and he is presently serving as Past President and Mentoring capacity in the Executive LeTip Club of West L.A. He is married to Nancy Neely, and they have two sons, Roderick and Oliver, and a daughter Maran. Neil is an active professional who understands networking and enjoys participating where ever he goes.
